- Define how **multiple records** from the same entity **appear** as a:
 - **Table**
 - **List**
 - **Grid**
- Typically composed of:
 - **A display card**: To display collection as a list, a grid or for the first column of the table
 - **A list of columns**: To display the collection as a table.

The screenshot displays a web application interface for 'CHEVRON - CVX' with the address '6001 Bollinger Canyon Rd. San Ramon, CA 94583'. A navigation bar includes links for MAIN, LOCATION, CONTACTS (highlighted), OPPORTUNITIES, REPORTS, INVOICES, SUPPORT, and HIERARCHIES. Below the navigation bar, a table titled 'Contacts (5)' lists contact information. The table has columns for Contact, Contact ID, Contact ID (Gol...), Company Name, First Name, and Last Name. Five contact records are shown, each with a circular icon containing a letter.
